## MR. FRANK EFFINGER DIES FROM FRACTURE

### Popular Undertaker Slipped and Fell on His Head.

Hundreds of friends of Mr. Frank Effinger, the popular undertaker, of South Third street, were surprised and shocked to learn this morning that he was fatally injured from a fall late yesterday afternoon on the icy walk in front of his residence, 227 North Sixth street, dying at 11:30 o'clock this morning.

About 5:30 o'clock yesterday afternoon Mr. Effinger went into the front yard after his paper, and slipped. He struck on his head, and the blow was so violent that persons across the street heard the sickening thud when his head hit the hard concrete.

Mr. Wallace Weil, the insurance man, happened to be passing and saw the accident. He rushed over and picked up the prostrate man, finding him unconscious.

Mr. Effinger was taken into the house and doctors summoned, and they found a bad fracture of the skull. He was conscious until about 10 o'clock last night, and then lapsed into unconsciousness.

The fracture was found to be perhaps seven inches long, across the skull from base around to forehead. This morning, as a last resort, an operation was decided on.

Drs. J. T. Reddick, J. L. Woelfe, P. H. Stewart and Robert Sory trephined the skull, the brain being found badly clotted.

Owing to the nature of the injury, as revealed by the operation, the doctors decided that the case was hopeless, and that death was a matter of but a few hours, possibly not that long.

Mr. Effinger was born in Wurtemberg, Germany, 59 years ago, and came to America in 1863, first lo-

cating at Lexington, Ky. About the close of the war he came to Paducah, and for a time was a cabinetmaker.

Later on, about 25 years ago, he went into the undertaking business with his late partner, Mr. Paul Mattil. He has always been one of the best known and best liked of Paducah's many German citizens.

He was married in 1877, May 24, to Miss Lena Mattil, of Paducah, who survives him. He leaves also six sisters, as follows: Mrs. Lena Single, Mrs. Hoffman, Georgetown, O.; Mrs. John Messner, Meridian, Conn.; Mrs. Fred Wentz, Mrs. Carolina Wentz, Newark, N. J.

One married sister resides in Germany.

Mr. Effinger was a member of Paducah Lodge, Elks, of Mangum Lodge, Odd Fellows, and of the Knights of Honor. He was a member of the German Evangelical church.

Mr. Effinger was known among all the business men, especially those thrown with him daily, as a man of honor, integrity and generosity. He possessed that jovial temperament so common among men of his nationality, and he was always welcome wherever he went. No man had more friends, and it is not too much to say that grief over his death may be found all over the city. Mr. Effinger was as popular among members of his lodges as among others, and he always took a prominent part in them.

He was a well educated intelligent, progressive citizen, and his death will be greatly deplored for this reason, as well as the others. No funeral arrangements have been made, but it will be under the auspices of the Odd Fellows.

## FIRE IN CAIRO.

### About \$20,000 Damage Done There Last Night.

Cairo, Ill., Feb. 8.—One of the most disastrous conflagrations in the recent history of Cairo occurred last night when the buildings at 1309, 1311, 1313 and 1315 Commercial avenue were entirely destroyed by fire.

Besides the loss of the buildings, several head of horses and mules perished in the flames and it was reported that a man met death in the building at 1313 Commercial avenue.

The livery stable building was owned by Mr. Frank Fitzgerald and was valued at \$3,000, with \$1,500 insurance.

The contents of the stable, which were owned by Mr. Powers, including horses, mules, buggies, sleighs, harness, feed, etc., is estimated to have been worth about \$4,000.

From the livery stable the fire spread to the brick building adjoining on the north which was occupied as a storage room by Alderman A. S. Fraser and Mr. Frank Fitzgerald. The former had a stock of lime and cement worth about \$600, uninsured. The latter had tools and other belongings. They were insured for \$400. The building was owned by Mrs. Mary E. Walsh and was valued at \$4,000, with insurance of \$2,000.

The last building burned was at 1315, and was occupied by Mr. Ed. P.

Fitzgerald as an office and storage for the Pabst Brewing company. There was several hundred dollars' worth of stock on hand. The building was insured for \$2,000 and was valued at \$4,000.

## SLEET COVERS THE OHIO VALLEY.

Washington, D. C., Feb. 8.—Another period of general rain, sleet and snow has set in. The second within a week. The area of precipitation on this morning covers practically the whole Mississippi Valley, the Lower Ohio Valley, the Gulf States and the greater portion of the Eastern slope of the Rocky mountains.

## SPANISH PRISONERS.

### In Hands of Philippine Tribes to Be Released.

Madrid, Feb. 8.—The Spanish consul general at Manila reports that about a hundred and fifty Spanish soldiers, who were taken prisoners before American occupation of the Philippines, are still held by tribes. The matter was brought before the cabinet yesterday and an order sent to the Spanish representative at Washington to arrange for the release of the prisoners.

## STATEHOOD BILL PASSED BY SENATE

### Arizona Left Out in the Cold by Senate.

### Oklahoma and Indian Territory Will Be Admitted As One of the United States.

## AFTER A NINE HOUR SESSION

Washington, Feb. 8.—After a continuous sitting of nine hours, the senate at 8:45 o'clock last night, passed the joint statehood bill. As passed the bill provides for the admission of the states of Oklahoma to be composed of Oklahoma and Indian Territory, and New Mexico, according to the present boundaries, with Arizona eliminated.

The long session was characterized by exciting incidents and many surprises. Beginning promptly upon the convening at 12 o'clock, the senate proceeded to consider the various amendments which had been suggested by the committee on territories and which had been passed over. Intoxicating liquors may not be sold for a period of 21 years.

The first surprise of the day came when the committee accepted Mr. Foraker's amendment providing for a separate vote by each of the territories of Arizona and New Mexico on the constitution to be adopted by the proposed state of Arizona. That provision had scarcely been made a part of the bill when Mr. Bard presented his amendment, which had been originally offered by Mr. Patterson, and which provided for the admission of New Mexico as a state without the addition of Arizona. This amendment proved to be the point around which all the subsequent proceedings of importance revolved. It was at first adopted by a close vote of 42 to 40. This vote was taken while the senate was sitting in committee of the whole, and was reversed in the senate proper by the tie vote of 38 to 38.

Subsequently the senate decided by a vote of 38 to 36 to entirely eliminate New Mexico and Arizona from the bill, and this result had hardly been announced when Mr. Bard, in slightly changed form, renewed his proposition for the admission of New Mexico as a state, and this time the amendment prevailed by the vote of 40 to 37.

## Governor General Wright Now.

Washington, D. C., Feb. 8.—Luke E. Wright of Tennessee, is the first American citizen to bear the title of governor-general of the Philippines, the Philippine bill, signed by the president yesterday, authorizing the change of the title he now holds, namely, civil governor of the Philippines. Secretary Taft today sent the following cablegram to the new governor-general:

"I salute and congratulate the first American governor-general of the Philippine Islands, and wish for you the same success which has attended your administration of civil government."

## ROASTED TO DEATH.

### In the Caboose of a Wrecked Erie Train.

Otisville, N. Y., Feb. 8.—A collision occurred on the Erie road near here last night and the conductor and brakeman roasted to death in the wreck, the caboose of which was set afire by an overturned stove.

## MANTLE OF SLEET ENSHROUDS THE CITY

### About the Worst Weather of a Beastly Winter.

### Slight Damage Report—Pedestrians Have Difficult Time On Account of the Ice.

## ANNIVERSARY OF WHITE WEEK.

Residents of Paducah who had been wishing for better weather for the past two weeks awoke today to find the worst state of affairs since the memorable sleet storm three years ago, when for a week, from January 28th to February 5th, the city was practically paralyzed.

It is somewhat remarkable that the present sleet storm should come within a few days of the anniversary of the other. The outlook was very gloomy at dawn today, every indication pointing to a very severe sleet storm with consequent damage of thousands of dollars, and a suspension of business. The rain began about 2:30 o'clock this morning, and froze as it fell. Before daylight icicles clung to every wire, and the weight became heavier and heavier until fortunately the rain began to slacken.

Later on the rain became heavier and the temperature higher, and much of the ice was melted or washed away.

## Creepers in Demand.

The streets and pavements were found so slick by early risers and business people that pedestrians were hardly able to creep along. Ice creepers were in demand and the hardware merchants sold out before nine o'clock and could have sold hundreds more.

## Slim School Attendance.

The school children did not turn out so well and all schools report a very slim attendance. Supt. Leib ordered one session at all schools and the pupils were dismissed for the day at 12:45.

## Big Pole Breaks.

About 6 a. m. a tall pole in front of Wallerstein's at Third and Broadway broke near the cross-arm, and came crashing down with scores of wires. Other poles resisted the heavy strain, and early in the morning linemen were at work putting up a new pole, meanwhile all power being shut off at the power house so as not to endanger the lives of the linemen.

## City Light Plant Affected.

City Electrician Keebler reports little actual damage to the city lights but says that he does not know whether or not the lights will be on tonight.

One light at Fourth and Jefferson streets fell, but this was caused by a team running into it. The freezing rain froze all the windlasses up so that it was nearly an impossibility to get the lights down and replace the carbons, and in addition to this Mr. Keebler states that wires are hanging over the city wires and there is danger in turning on the power tonight. He is trying to get all lines clear by night, and if there is any danger the lights will not be turned on, and the city will be in darkness tonight.

## Telephone Wires Down.

The telephone companies report less trouble than they might have expected as a result of the weather. The East Tennessee reports several crippled toll lines, but not enough to materially interfere with business. The pole which fell at Third and Broadway had 24 wires but half were dead. The twelve phones cut out will be temporarily repaired and placed in service.

The Independent Co. reports no trouble at all, every line being in excellent working order.

The Paducah City railway had to shut down this morning on account of the pole breaking at Third and Broadway, but only the down town circuit was cut out. Little or no damage was done the equipment of the railway company.

## British Collier Captured.

London, Feb. 8.—A dispatch received this morning reports the capture of the British Collier Easty, by the Japanese.

Hopkinsville, Feb. 8.—Charles A. Thompson, a retired merchant, died at Hot Springs, Ark., whither he went for his health a week ago.

## FLOOD OF MISHAPS FOLLOWS FREEZE

### A Number of Painful Accidents Reported This Morning.

### Broken and Wrenched Bones Found in Every Part of the City of Paducah.

## FEW ACCIDENTS ARE SERIOUS

Mr. Henry Biederman, of the Jake Biederman Grocery Co., met with a serious accident this morning about 7 o'clock near his store, the Ideal Market, in the Columbia building, on Broadway.

He slipped up on the ice and badly sprained his right wrist. At first it was thought the member was broken, but this proved incorrect. Mr. Biederman was also bruised considerably.

Mr. Henry Blackford, the well known carpenter, of Washington street, was injured last evening about 7 o'clock while passing the Jake Biederman grocery at Seventh and Washington streets.

He slipped up on the slick pavement and fell. He was painfully bruised by the fall, and the shock also was very severe. He was able to walk home but this morning is not able to be out.

Coroner J. R. Crow received a hard fall yesterday afternoon late near his home on Jackson street near Third. He was just turning off Third street when he slipped and struck on his head and face, painfully injuring his face and making one eye very black.

C. Smith, an employee of the local I. C. shops, met with a painful accident yesterday afternoon.

He was working near several machinists when a hammer head flew off and struck his arm. The arm was badly bruised and partially paralyzed for a time. He was taken to the hospital where the injury was dressed.

Dr. J. G. Brooks went out to get his paper this morning and slipped down the steps. He was jarred but not seriously bruised. Dr. Brooks did not venture out for several hours after that, but stated he sat in his room and saw at least a dozen people fall, none being seriously injured.

Ed. Reeves, a young man residing on Willet street in Mechanicsburg, met with a serious accident last night while coasting a sled back of the Franklin school building on South Sixth street.

He collided with another sled and was thrown off. His right collar bone was broken and he was painfully bruised all over the body. Dr. C. M. Sears was called and dressed the injuries.

Allensworth Booker, a boy residing at 1504 South Fourth street, met with a serious accident yesterday afternoon while riding on his sled back of a wagon. He tumbled off the sled and the wagon kept ahead. His foot caught and dragged him and when he extricated himself from the rope his left arm was broken above the elbow and his left wrist sprained. Dr. Carl M. Sears dressed the injury.

Miss Drusy Hand, of West Broadway, while sleighing yesterday afternoon, was injured by a piece of hard snow being thrown into her left eye by the horse's hoof.

The injury is very painful and the young lady is confined to her room today. It is thought the eye is not permanently injured and she will be able to be out again in a few days. Her many friends will regret to learn of the accident.

Justice Young fell in the rear of his office on legal row this morning and was so painfully bruised that he is unable to get out this afternoon. Fortunately no bones were broken.

Mr. Wm. Jones, the real estate agent, fell near Seventh and Jefferson today and was bruised, but escaped breaks and fractures.

## Withdrew Resignation.

Belgrade, Feb. 8.—The resignation of the cabinet handed to King Peter Monday has been withdrawn.

## STRIKERS KILL MANY IN LABOR DISORDERS

### General Disturbances Cease But Bloodshed Continues.

Warsaw, Feb. 8.—Seven men were killed here by strikers. Many arrests have been made.

The prices of provisions have gone up. The peasants are afraid to bring in their produce.

Strikers attempted to bring out the employees of the electrical plant of the asylum for lunatics, but the doctors succeeded in pacifying the men.

## Important Appointment Made.

St. Petersburg, Feb. 8.—Official announcement was made of the appointment of M. Kubeku as director of the Imperial library and as president of the consultative commission for a revision of the laws governing the censorship and the press. This step seems to presage the adoption of other and perhaps more important reforms by the government.

## Disorders at Radom.

Warsaw, Feb. 8.—According to a report from Radom, twenty workmen have been killed or wounded in strike disorders there. While at Sharzyko twenty-four have been killed and forty wounded.

## Many Vessels Tied Up.

Batoom, Russia, Feb. 8.—There is no improvement in the strike situation here and freight traffic is suspended. The movements of many heavy steamers is interrupted, as men

working on the docks have refused to fill the Naphtha Tanks of the vessels.

## Issue Violent Proclamation.

St. Petersburg, Feb. 8.—For the moment the starting crime in Hel-singfors has withdrawn attention from the strike situation throughout Russia. Disorders in smaller industrial towns of Poland have added more than a score to the total killed and the troops have been sent to Warsaw and Kutno to quell uprisings. Strike conditions in the Caucasus are becoming worse and traffic on trans-Caucasian railway is interrupted.

The central committee of the Russian social Democratic workmen's party has issued a violent proclamation in the factories of St. Petersburg, calling on operatives to array themselves under the flag of social Democracy and prepare for armed renewal of the January demonstrations. The proclamation bitterly assails the church and state and higher classes, and concludes:

"In order to gain the victory we must organize a vast workmen's army. Then again will we start for the palace to present our demands not with petitions, not with supplications, but with arms in our hands under the blood red standard of the Russian social Democratic party."

## MUST STAND TRIAL.

### British Government Turns Captain Carter's Accomplices Over.

London, Feb. 8.—A decision favorable to the United States was rendered by the privy council in the Green and Ganor case. Green and Ganor were indicted with Captain Overlin Carter in connection with the Savannah harbor frauds and escaped to Canada.

Despite the most strenuous efforts of the American government, extradition heretofore has been impossible.

The decision means the men will now be taken to the United States for trial. Capt. Carter, who was convicted in the Savannah fraud case, recently finished serving his sentence at Fort Leavenworth, and is now living in Chicago.

## Got \$1,000 to Leave.

Louisville, Ky., Feb. 8.—Quite the most sensational development in the litigation over the Breathitt county murders came out with the deposition of Moses Feltner, a witness who left Kentucky after having been subpoenaed as a witness in the damage suit of Mrs. Abrella Marcum against Judge James Hargis and others for alleged conspiracy in connection with the murder of James B. Marcum, says a Post special from Winchester, Ky. Feltner's statement is to the effect that attorney for the defense, B. F. French offered him \$1,000 to leave Winchester without testifying and that if he did not go he would be hanged for the murder of Jesse Fields, some time ago in Breathitt county.

## Daughter Burned to Death.

Owingsville, Ky., Feb. 8.—Mrs. Ida Van Landingham left her little daughter in the house at Fire Clay, Carter county, while she went to milk, and the child's clothing caught fire and was burned to death.

## Couldn't Stand the Pressure.

Nashville, Tenn., Feb. 8.—The Nashville News, Jere Baxter's penny paper, after keeping up the struggle for three years, has suspended publication, and will go into liquidation.

## THE FORMAL ELECTION TOOK PLACE TODAY

Washington, D. C., Feb. 8.—In the house this afternoon, in the presence of a large crowd on both the floors and in the galleries.

President Pro Tem Frye, of the U. S. senate, presided over the proceedings, and the announcement of the vote was attended by all the traditional ceremonies of the occasion.

Roosevelt and Fairbanks were today formally declared president and vice-president elect, respectively, of the United States.

The ceremonious events of canvassing the electoral vote by the senate and house in joint session took place

## SOME NEW ENTRIES IN THE CONTESTS

Voting Today Again Very Heavy  
in all the Contests.

There Are Some Changes in the  
Standing of the Contestants  
Today.

MR. R. A. GILBERT NOW LEADS.

Today's news of the contests is  
again of many votes, and some new  
entries.

Miss Rosella Farley and Mrs. Henry  
Lenhard are new entries in the  
most popular lady in Paducah con-  
tests, and Mrs. E. T. Randle in the  
ladies' contest in the county.

Mr. "Bert" Gilbert has taken second  
place in the most popular man in  
Paducah contest and is very close to  
Mr. Thompson, the leader.

Miss Hinton still retains the lead  
in her contest by a good margin but  
there are a number of entries with  
big totals and any day may bring a  
change.

There are no changes in the rural  
routes contests.

Each day, now, but adds to the  
great interest already taken in the  
contests and the task of counting the  
votes gets bigger each day. The number  
of telephone calls every day indi-  
cates the keen interest in the con-  
tests and on all sides are evidences of  
its wide scope.

Vote your coupons and get all your  
friends to vote.

There are a lot of good prizes list-  
ed below that some one will win.  
Why not let it be a friend of yours?

To the most popular lady residing  
on the rural routes in this county:

- A Gold Watch.
- To the most popular man residing  
on the rural routes in this county:

A Buggy.

Everyone is entitled to a vote in  
each of these contests. All you have  
to do is to fill out the ballots to be  
found in each issue of The Sun and  
send them in. You will note that the  
ballots have a time limit,—must be  
voted within a week of the date  
thereon.

Special coupons of votes will be  
issued for payments on subscrip-  
tions, and we would call everyone's  
attention to the fact that subscrip-  
tions paid now are worth double  
what they will be worth in March.  
For instance: 40c will pay for The  
Sun one month and entitle you to 80  
votes, if paid now. The same sub-  
scription paid in March will entitle  
you to only 40 votes. A year's sub-  
scription, \$4.50, will entitle you to  
1100 votes, if paid now; in March,  
if you wait it will be worth only 500  
votes. Thus you see the wisdom of  
sending in your subscriptions early.

I vote for

I had stomach trouble for six months. Nothing benefited me until I  
tried Kodol Dyspepsia Cure. It has cured me, and I recommend Kodol to  
all people suffering with stomach trouble.

W. E. FRAZIER, Martins Store, Ill.  
For ten years I suffered from Dyspepsia and spent hundreds of dollars  
to no avail. One night while feeling exceptionally bad, I was about to throw  
down the evening paper when my eye caught an advertisement of Kodol.  
I thought it like everything else, and even felt the druggist when I bought  
a bottle. "Well, here goes another dollar thrown away." My wife  
laughed at me, but after the second dose I felt better, and although I have  
used but two bottles I am stronger and better than I have been in years.

## KENTUCKY NEWS TOLD IN PARAGRAPHS

**Maj. Phelps Stricken.**  
Hopkinsville, Ky., Feb. 8.—Maj. John Phelps, a prominent lawyer, is lying at the point of death in his apartments in this city. He suffered a stroke of apoplexy, and when found by friends he had probably been unconscious several hours. He is a son of the late Hiram A. Phelps, a distinguished Southern Kentucky jurist, and nephew of James H. Phelps, of Louisville. He was born in Hopkinsville in 1845.

**Primary Ordered in Todd.**  
Elkton, Ky., Feb. 8.—At a meeting of the county democratic committee it was ordered that a primary election for county offices be held Tuesday, March 21. There are many aspirants for the various offices.

**New Railroad Proposed.**  
Madisonville, Ky., Feb. 8.—The project of building a railroad from Providence to Wheatcroft, a distance of twelve miles, to connect with the Illinois Central at the latter place, has been revived. The fact that the promoters of the road have secured the right of way to within a few miles of Wheatcroft makes it appear that the road is a certainty, and it is believed work will begin on it soon.

Mr. Irwin H. Wheatcroft, builder of the Kentucky Western road, which runs from Blackford to Dixon, is the leading spirit in the new enterprise. He has several mines in Webster county, and such a road would give him an outlet for its products over two roads, the L. & N., and the Illinois Central.

**Tried to Suicide.**  
Danville, Ky., Feb. 8.—Oscar Hoagland, the burglar who was arrested in Lexington several days ago and confessed to robbing the clothing store of Centre & Co., in this city last September, made a desperate attempt to commit suicide in his cell here by cutting the artery in his left hand, using a razor with which another prisoner had been shaving. Jailor Fitzgerald had loaned the razor to a prisoner named Taylor, and had turned his back only a few min-

**Planters Encouraged.**  
Guthrie, Ky., Feb. 8.—Mr. R. B. Carter has been appointed by the dark tobacco district association to prize planters' tobacco at this place at the agreed price, 65 cents per hundred. Mr. Carter will be located at the factories of Col. Lockert and D. B. Smith.

The planters are very much encouraged over the prospects for the future. It is learned here today that the dark tobacco district association has already sold all the tobacco they have pledged at the rate of from \$5.75 to \$15, according to the grade. This is nearly twice the amount realized last year.

**At Death's Door.**  
Hopkinsville, Ky., Feb. 8.—Maj. John Phelps, a prominent citizen and

for many years a leading attorney of this place, is lying at the point of death in his apartments on Court street. Some time yesterday he suffered a stroke of apoplexy, and when found by friends had probably been unconscious for hours. He is a son of the late Hiram A. Phelps, a distinguished southern Kentucky lawyer and jurist. He was born in Hopkinsville in 1845. He has one son, Hugh Phelps of this city.

**With Pythian Honors.**  
Hopkinsville, Ky., Feb. 8.—The burial of the late Leander R. Davis took place at Hopewell cemetery, with Pythian honors. The deceased was 71 years old and a native of this county. Asthma caused death. He leaves a widow and five children.

**Fire at Hopkinsville.**  
Hopkinsville, Ky., Feb. 8.—Fire of unknown origin last night destroyed the stock in W. H. Bicker's shoe store in the Phoenix building. The loss is \$3,000, with \$1,500 insurance.

**THE RIVER.**  
Gauge Still Frozen, But the River is Rising.

The gauge is still frozen over here, but the river is rising, and has come up about eight inches since yesterday. It is now probably about seven feet.

Considerable of a rise is expected, and it is likely that the rise will break the big ice gorges. The river here is almost clear of ice now on account of it being gorged above.

Few boats are moving. The Clyde leaves this evening for Tennessee river but no boats are running in the Ohio river.

**With the Sick.**  
Mrs. M. L. Brazelton, of South Sixth street, is reported in a dangerous condition today, her many friends will regret to learn.

Mrs. J. M. Green, of Littleville, is better, her friends will be glad to learn. She has been ill of pneumonia.

Mrs. R. Phelps, of South 13th street, is ill.

The daughter of Mr. Louis Broyles of North Sixth street, is ill.

The son of Mr. Leslie Ogilvie, of the Cairo road, is ill.

## CANAL MAY BE BUILT IN SIX YEARS' TIME

This is the Opinion of Contractor Katterjohn.

Health and Sanitation Better Than Expected—4,000 Men at Work on the Isthmus.

### MR. KATTERJOHN WILL RETURN

Mr. F. W. Katterjohn, of the Katterjohn Construction Co., returned yesterday from Panama canal where he had been looking into the situation with a view to securing some of the contracts.

Contractor Katterjohn left Paducah on January 2 and sailed out of New York on the 14th. He was in Panama eleven days and will return again in about sixty days when he thinks he will be able to announce something definite in regard to his plans.

There are several kinds of work which come under Mr. Katterjohn's class of contracting and he may enter them all but will not work by the day. At present the canal work is under a board of commissioners and the work is done by the day. President Roosevelt is attempting to have the work done by contract, and is pushing the matter in congress.

Mr. Katterjohn and Chief Engineer Wallace, of the canal, are intimate friends. Mr. Katterjohn went to Cedar Bluff this morning and will return this afternoon. Friday and Saturday he will be in Chicago on business connected with the Panama work and will return home again next week.

There are good openings. It is understood, for brick and lime kiln work and also stone blasting and quarry.

The Paducah contractor stated that in event the commissioners retained the power of management, he would not enter the business but if the work was done by contract, he would go in for it. If he gets any of the work he will employ anywhere from two to three thousand men. He says accountants and clerks are overrunning that country and the most needed men are mechanical engineers and skilled foremen. He saw several prominent men in Panama he knew, among them being Mr. Pat Galvin, formerly roadmaster for the I. C. here; also Supt. Dauchy, formerly connected with the N. C. and St. L. road here.

Mr. Katterjohn thinks that the canal will be built inside of six years. He says that the health and sanitation of the isthmus are much better than generally supposed, and there are few cases of yellow fever, about as many of the victims getting well as there are to die.

### WOMEN'S WORK.

Will Have An Important Part in V. M. C. A. State Convention.

For the third time in the history of the work of the Kentucky Young Men's Christian Association, there will be held in connection with the annual state convention at Owensboro, February 16-19, a conference for the women's committees of the associations of the state. The conference will be held in the assembly hall of the association building on Friday afternoon at 3:30 and will be presided over by Miss Sue B. Scott, of Lexington. Papers will be presented by Miss Ora V. Leigh, of Paducah, and Mrs. Lee Riker, of Harrodsburg, an informal discussion following each topic.

The Owensboro women's committee will entertain the delegates while in the city, and a rate of one and one-third fare has been granted by all of the railroads of the state.

There are splendid indications for a strong and representative conference.

### OFFICERS ELECTED.

Mr. A. R. Grouse Elected President of Queensware Company.

A meeting of the directors of the Kentucky Glass and Queensware Co. was held last night and Mr. A. R. Grouse, who has been manager for sometime past, was elected president and Mr. Harry Fisher was chosen secretary. The company is doing a big business and the past year was a prosperous one.

Married in Graves. Miss Cora Kinay and Dock Davis were married at the Catholic church in Mayfield Monday, Rev. McNeill officiating.

# The Greatest Gifts Yet Made By Paducah's Greatest Newspaper

Over \$550.00 in Prizes

Contests Start Now and End March 31, 1905

The people of Paducah have long ago found out that The Sun is the newspaper that does things. Two years ago it gave away over \$200 in gold and two free trips to the men and women of Paducah, and last year gave free trips to the World's Fair to five men and women in the city and county. It has become a question each year, "What will The Sun give away next?" The Sun will surpass itself in generosity this time. It has a list of over Five Hundred and Fifty Dollars in prizes it will give to nine people in Paducah and McCracken county.

A young lady of Paducah has written the following under the caption, "Let Us Learn a Lesson From the Sleet."

The sleet comes down from the skies, and when it comes, is pure and undefiled. So do we come from heaven as chaste as the sleet, and with a spark of the divine in each of us.

The sleet clings to that which supports and upholds it. So should we cling close to God who supports and upholds us.

The sleet beautifies whatever it touches. So should we. In the sunlight the sleet reflects all the colors of the rainbow and glorifies the heart. So should we reflect the character of Christ—the Son of Righteousness, and thus glorify the world.

Under the softening influences of the sun the sleet, softens, melts and becomes more ethereal. So should our hearts under the influences of Christ soften and become more and more spiritual in their nature.

Finally—the sleet, having performed its work and done its duty on earth, evaporates and goes back to the skies from whence it came.

Our duty is to obey God and glorify Him forever, and to make the world better because we lived in it. If we will do this—our duty—we will, like the sleet, go back to God who sent us into the world, and dwell with Him forever.

### CHARLIE COLLINS DEAD.

Popular Ex-Motorman Succumbs to Six Weeks' Illness.

Charlie Collins is dead. Many friends will regret to learn it, for Mr. Collins was a jovial, popular young man. He was for many years a motorman on Jackson street, running from the opening of the line the oldest car on the system, until it could no longer be used.

The deceased was about 38 years old, and came to Paducah years ago. After eight or ten years' service as motorman, being the oldest in point of service with the company at the time he resigned, about a year ago, he was promoted to the position of assistant superintendent.

About a year ago he resigned and accepted a position at Barney Padgett's, Twelfth and Trimble streets. About the first of the year he became ill from a complication, and last night at 9:30 died. He leaves a wife, formerly Miss Pearl Cunningham, and a little daughter.

### Theatrical Notes

The return of "Arizona" to the Kentucky tonight will be almost in the nature of a "first night" at that theatre, for "Arizona" will be reintroduced to Paducah wearing the added grace of New York's second enthusiastic approval. When "Arizona" was first presented in this city, it had no such advantageous claim to consideration. The more pleasure then, to remember that the people and the critics accepted it with cordial welcome and outspoken favor. The play comes back with a new and elaborate investiture.

During the engagement of "The

"Princess Chic" in Minneapolis, one of the critics of that city dug deep into etymology and published the result of his research, which concerned the word chic. His conclusion was that Kirke La Shelle, in naming his dainty opera comique "The Princess Chic," had builded far better than he knew. Chic, according to this critic, is synonymous with many adjectives of varied meanings, all of which in some way express an attribute of the opera or the Princess, as Kirke La Shelle conceives her. The adjective is derived from the French and means dainty, alluring, vivacious, delightful. It has a host of other meanings, and even indicates nattiness and dress. It is therefore an interesting matter of speculation as to whether Kirke La Shelle, himself a finished philologist, understood at the time how thoroughly and subtly apropos the title for his opera would

prove, or whether he just struck upon it by accident. The big organization presenting "The Princess Chic" will be at The Kentucky for matinee on Saturday and lovers of this form of entertainment have a rare treat in store.

### GOES TO WASHINGTON.

Mr. Henry Cave Selected to Represent the Paducah High School.

The pupils of the High school yesterday afternoon before closing time selected Mr. Henry Cave, son of Rev. W. E. Cave, of the First Presbyterian church, as a representative of the Paducah High school at the inauguration of President Roosevelt, March 4th. There are to be several hundred school representatives in the parade, and Kentucky will have five, one from five cities. These are selected by the pupils and forwarded to Governor Beckham, who then appoints them as official representatives. Mr. Cave will attend.

This is quite an honor for the Paducah schools, to be one of the five from out of all Kentucky. Mr. Cave will fill the position most creditably and the High school is very proud of its representative, who is one of the most popular pupils attending.

## H. B. POTTER.

WELL KNOWN CARNIVAL MAN  
REPORTED IN TROUBLE.

Is Now in the Circus Business—  
Partner Has Him Arrested.

The St. Louis Globe Democrat of yesterday states that Harry B. Potter, a well known carnival man, who was manager of the Elks carnival at St. Louis a few years ago, has been arrested there, wanted at Lancaster, Mo., for alleged forgery. Potter is well known in Paducah, where he managed the Mundy attractions when they were here at the Elks carnival. It seems he is now partner in a circus in New York, and it is alleged by John A. Barton, his partner, that Potter was employed to go to Lancaster, Mo., last month and negotiate with W. P. Hall for 50 horses, five camels and two elephants, and that without authority Potter signed a contract for \$10,500 with Hall, inserting without authority the names of the other two partners in the document. He also charges that Potter took \$100 that had been sent in the form of a check to Hall. Potter denies all the charges.

The last time Potter was here it was alleged there were some irregularities, but Col. Mundy adjusted everything. It is reported he is also wanted in Memphis.

### Elected Directors.

Stockholders of La Center, Ballard county, held their regular meeting yesterday and elected Mr. H. H. Loving a director in place of Mr. E. W. Smith, resigned. The old board was then re-elected, being A. J. Bauer, C. E. Jennings, S. T. Payne, Harry Meyers, Veatch, and Dr. Rollins. Officers were re-elected as follows: J. A. Bauer, president; S. T. Payne, vice-president; C. E. Jennings, secretary.

D. F. Looney, of Mayfield, was 75 years old yesterday, and Monday he and his wife celebrated their golden wedding, they having been married fifty years ago in Nashville. He is a carriage maker and blacksmith and has been living in Mayfield 35 years.

## JUVENILE COURTS.

Probably many Paducah people remember Colonel Alex Hogeland, of Louisville, the man who came here several years ago and had the curfew law passed. Col. Hogeland is called "the father of the curfew," and deserves to be, because he has done a great deal to introduce it into this country. True, the curfew in Paducah is a dead letter, and has always been, but that is not Colonel Hogeland's fault.

He is now at work on another matter which is also designed to benefit the young. Col. Hogeland's greatest desire is to help the children. He is now an advocate of juvenile courts, and in order that the people who know what good he accomplished in introducing the curfew law, may understand what he thinks about this other matter, The Sun quotes this interview with him, published in a Louisville paper:

"Trials of children in public tend to make heroes out of them and to confirm them in their wickedness by contact with hardened criminals. The beneficent effect of private trials is appreciated in Paris, France. Where two families fall out there and court action is necessary the parties are taken in separate covered conveyances through the alleyway to the back entrance of the court room, with none present except the judge and families. Such trials are followed by an admonition from the judge after the troubles are explained that if repeated the court will arraign them in open sessions, with the public as spectators. The same privacy attends the return of the families to their homes, and, as a rule, the trouble is ended."

As illustrating the efficiency of privacy in certain matters, Colonel Hogeland tells of an experience he had some years ago. He had just left home to go to Sunday school to teach a class when he heard cries of distress in a neighbor's home. Rushing back home he secured his pistol and then, with Bible in one hand and revolver in the other (not very consistent, he added, parenthetically), he burst in upon the household whence emanated the cries. The wife lay on the floor and the husband was menacing her with a hatchet. Col. Hogeland commanded the peace, and then the husband charged his wife with misbehavior, which she denied.

"Now, see here, neighbors," said Col. Hogeland, "you ought to be able to settle your differences without resort to violence. No one but us know

anything of this occurrence, and if you promise me that this will not occur again, no one else shall know it."

These terms were accepted by husband and wife, and they lived happily afterwards.

"I saw them some years later," added Col. Hogeland, "and they had three bright children, one of whom was named for me."

"Now, if I hadn't settled that trouble quietly between them it would have become a public scandal and destroyed the household."

Col. Hogeland's point is well taken. Doubtless there are some children who inherit incorrigibility and other bad traits, and nothing is likely to do them much good. But many children will make good men and women if given a chance. This chance is what the juvenile court is for. Many children do wrong because they know no better, or are unable to control themselves. They may make representative citizens and overcome every evil tendency later in life, if they are only offered a helping hand until they become strong enough to resist these impulses. Men and women can conquer where the child fails. One child made into a good man or woman by these juvenile courts—even only one success to a thousand failures—would make it well worth while.

The truant law enacted by the last legislature does not seem to take well in Kentucky, although if properly enforced there is no reason it should not prove one of the best on the statute books. Louisville has just decided not to enforce it this year, because no appropriation is available. Twenty-one is the number of truant officers required there. It may be a long time before Paducah has truant officers, as the maximum amount the schools can now obtain under the charter is barely enough to defray current expenses, leaving little for new schools and new teachers. Such officers are badly needed, however, as only about 50 per cent of the school children attend school.

The city is now worked up over the collection of back taxes on the Seacoast plant. There is no reason it should be. Months ago when it was published that the promoter was going to try to unload it on some one else, the matter of requiring him to pay taxes was discussed, and the boards, and perhaps referred, and then like everything else, dropped and never heard of until now, when everything that might have been attached for the taxes is probably moved away. If the matter had been attended to then, the city might have been several hundred dollars better off.

Before passing the necessary ordinances for this year's street improvements the legislative boards should provide for two things: The sanitary sewerage connections on the streets to be permanently improved, and the privilege of paying for the street improvements on the ten-year plan. These matters should be promptly attended to, not neglected until too late, as was the case when other streets were improved.

Any other city in the country except Paducah probably would have had the streets in the business part of town cleaned of snow and ice a week or more ago.

## POOR ANIMALS

Many Driven On Slick Streets Without Being Rough-Shod.

The hearts of many people have gone out during the present siege of bad weather to the poor animals that have to suffer because of cold, ice and the inhumanity of man. Few drivers have blankets for their horses or mules, and the suffering is doubtless intense, especially while cooling off after a run.

The worst thing noticed, however, is the number of animals driven without being rough shod. There are scores of them, and they slip and slide along and are in some cases unmercifully beaten by their brutal drivers. There should be a law and someone to enforce it against the brutal treatment of animals, but little attention seems to be paid to such outrages as may be daily witnessed in Paducah. All horses and mules should be rough shod in winter and provided with heavy blankets to protect them from cold and sleet. Many animals were today left out where the rain could fall on them and freeze.

## Returns to St. Louis.

Mr. Sam Caporal, who has been manager of the People's Restaurant near Third and Broadway, has resigned to return to St. Louis, where he has a position. He came here recently on a visit to his brother, Louis Caporal, and decided to remain a few weeks in Paducah. He now returns to accept another position in St. Louis.

# INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could be with safety be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring of 1884 I was persuaded by my wife to use S. S. S., which I did, strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

## Was Prominent Man.

A Frankfort dispatch says of the death of Mr. J. M. Withrow, father of Mrs. Hugh Mulholland:

"James M. Withrow, aged seventy-three years, died Monday at 11 o'clock at the home of his daughter, Mrs. H. T. Gaines, after an illness of several weeks of pneumonia. His funeral will take place tomorrow afternoon at 3 o'clock, interment being in the State cemetery here."

"Mr. Withrow was widely known over Kentucky. He was for years in public life as assistant state auditor of Kentucky, under Auditors Samuels, Page and Smith, and later for many years, was clerk at the Capitol Hotel here. Of late years he was in the United States revenue service."

"The deceased leaves two daughters and a son. They are Mrs. Howard T. Gaines, of this city; Mrs. C. H. Wilkerson, of Lexington, and J. J. Withrow, quartermaster, U. S. A., at present stationed at Sheridan, Wyo. His daughters were at his bedside when the end came, but the son was unable to get here."

## CAPT. JACK FLYNN

Toasted by Friends and Given a Silver Service.

Vicksburg, Miss., Feb. 8.—J. J. Flynn, lately superintendent of the Valley Railway at this point, was last night the recipient of a very flattering testimonial from his friends here. It was on the eve of his departure for Memphis, where he goes to assume new duties. Mr. Flynn leaving for there tomorrow. Last night in the parlor of the hotel Carroll a large number gathered to bid farewell to Mr. Flynn and his family, and incidental thereto he was presented with a beautiful silver tea service from his friends. The presentation was made by Hon. B. W. Griffith, mayor, whose remarks incidental were happy and well-chosen. Mr. Flynn accepting the gift in a graceful address. Speeches were made by Hon. Murray F. Smith, Messrs. R. C. Wilkerson, Philip Feld and others, after which a general assault on a punch bowl was ordered and carried out.

## Something to Think About.

If you spend all you earn now you may be able to keep up that way of living for some years to come, but sooner or later, and rather sooner than later, you will reach the time when you will see the need of saving more clearly than you probably do now.

This question of saving is no one-sided affair. We admit that we will be benefited if you save, but we insist that you will receive not only equally as much benefit as ourselves, but actually more.

More, because while you receive the benefit of 4 per cent. interest on your individual account we have to depend on a large number of accounts to get any benefit. We could do nothing with your account by itself.

Thus you see that the individual account receives a benefit made possible only by the fact that we have other accounts to put with it.

You may not find it an easy matter to save at first. Whether you find it easy or not, you will find it a great deal easier than you suppose. One dollar will start an account.

# HOSPITAL AFFAIR IS BEING SIFTED

Charges Now Against the City Physician, Also.

Investigation Resumed This Afternoon—The Mayor to Call Meeting to Name New Hospital.

## SOME OTHER CITY MATTERS.

The joint hospital committee, of the general council, which yesterday afternoon started an investigation of reported irregularities in the management of the city hospital, did not finish work yesterday, but will meet again this afternoon to renew the work and finish, if possible. The committee visited the hospital in a body yesterday.

It was charged that Mrs. Birchett, the matron, did not keep the building warm enough, and would not permit the convalescent patients to return to bed after they got up in the morning. The committee, it is understood, has found out a good deal about the hospital management, and charges against City Physician Robert Rivers are also being investigated.

Some salty accusations on both sides are being investigated, and the result may be opposite from what was expected. One patient is alleged to have stated that he paid to be admitted to the hospital.

Mrs. Birchett has many friends, and has always managed the hospital as well as it could be done, considering everything. Every once and awhile some of the city officials who probably have an axe to grind, try to take advantage of Mrs. Birchett, who is an honest, hard-working widow, and try to oust her, possibly to get her place for some of the pensioners or grafters who prey on the public through democratic administrations, but Mrs. Birchett always vindicates herself, and the indications are that she will do it this time, although the committee has not yet finished its investigations.

The Hospital Supply Co., of Fourth avenue, N. Y., has written Mayor Yeiser about furnishing the city hospital here, but the mayor does not know what to do about the matter.

"This is a matter I can't see how the city can attend to, for we have money to expend in equipping and furnishing the hospital," Mayor Yeiser today declared.

"You see when we built the hospital it cost \$22,000 for the building and \$5,700 for the ground, and that leaves us just \$2,700 in the hole. We intended to sell the old city hospital property but this will not bring any more than enough to wipe out the present new hospital debt, if it brings that, so you see we will have no way to furnish the new hospital."

Mayor Yeiser stated that he would try this week to get the committee together and name the hospital and hoped he would be more successful than at previous attempts.

Mayor D. A. Yeiser this morning received a letter from Geo. Brown, president of the Anti-Tuberculosis league, asking that he appoint two or more doctors from Paducah to attend the annual meeting of the league which will be held in Atlanta, Ga., on the 17th to 19th.

Mayor Yeiser will appoint later.

# STOP THAT COUGH!

Colds Lead to Catarrh—Catarrh Leads to Consumption.

A Beautiful Girl's Experience

MISS ALMA LILLIA.

Nine cases of consumption out of ten occur in this way:  
A person catches a cold. The cold is not properly cured, and they quickly catch another one. This cold is dilly-bolled with by no treatment, or some

Miss Alma Lillia, 506 18th St., Rock Island, Ill., says:  
"I am a firm friend to Peruna, for it cured me in two days of a cough which had been annoying me for three weeks, and which had developed a serious catarrhal affection of the throat and lungs."  
"I had a number of colds during the year, and each left me with a little more catarrh; then this bad cough was the worst. I took cough medicines until I sickened at the sight of them. But Peruna cured me up in such quick time that I am its firm friend. Four weeks' constant use of it got the catarrh entirely out of my system."  
"It deserves all the praise bestowed upon it."—Alma Lillia.

treatment that is ineffectual, and the cold continues.

Then they catch another cold and begin to cough. Then they take cough syrups, but they do no good.

By and by they get tired of taking medicine and give up in despair. Their cold continues and their cough grows worse. Then they apply to a doctor, only to discover that they are in the first stages of consumption.

Miss Lillia, of Illinois, started out exactly in this way. Fortunately, she took a course of Peruna before it was too late. She had caught several colds, then a cough developed. She took all sorts of cough medicines, until, as she puts it, "I sickened at the sight of them." In four weeks Peruna had cured her of her catarrh and her system was entirely rid of it.

This is what Peruna is doing all the while. Not a day, and probably not an hour, passes but some one has a similar experience with Peruna.

The first step toward consumption is catching cold. The next step is a failure to cure it promptly. The third step is the development of catarrh, which gradually becomes chronic. The fourth step, the catarrh begins to spread from the head to the throat. The fifth step, the catarrh spreads to the bronchial tubes and lungs. It then becomes consumption in its first stage.

At any time during the progress of the catarrh, from the first onset of the cold to its final settlement in the lungs, Peruna can be relied upon to stop the disease. It cures entirely. Even after consumption has become thoroughly developed, many cases have found in Peruna a permanent cure. After they have been given up by physicians to die of consumption Peruna has cured them.

We have hundreds of testimonials that declare these facts in the most enthusiastic language.

U. S. Senator John M. Thurston, from Nebraska, writes the following letter from Washington, D. C., under date of April 6, 1901:

"I have used Peruna at various times during the past year or two with most satisfactory results."

"It entirely relieved me from an irritating cough, the result of excessive effort in the Presidential campaign, and I am a firm believer in its efficacy in any such trouble."—Jno. M. Thurston.

To take quieting medicines to stop a cough is absurd and harmful. The only way to stop a cough permanently and without doing more injury than good is to cure the catarrh, which is exactly what Peruna does. It cures the catarrh of the bronchial tubes and the cough ceases.

At the slightest appearance of a cough a bottle of Peruna should be taken according to directions. One bottle in the beginning will do more than a half dozen bottles after the catarrh has fastened itself on the lungs.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## FOUR PRISONERS.

Taken to the Penitentiary From Hickman, Ky.

Sheriff Carpenter and Deputy guards, Sid Hamby and E. P. Pollock, of Hickman, Ky., were in the city today en route home from Edwille where they took prisoners convicted at the recent term of circuit court at Hickman. These pris-

oners were: Al Moore, one year for running a gambling house; Louis Wetherby, one year for housebreaking; John Winston, manslaughter, two years; and Lydia Robertson, housebreaking, two years. The last two are colored and the woman was taken to Frankfort.

Perhaps conscience has a still, small voice because it is so over-worked.

### NEW WRINKLE

#### NO FREIGHT TRAINS RUN IN GEORGIA FOR SUNDAY.

#### A Railroad Man Well Known in This Section Fined \$1,000.

J. E. Neale, a railroad man well known in this section among railroad people and formerly a resident of Jackson, Tenn., is the first victim of the new law in Georgia. He is now superintendent of transportation of the Southern railroad, and will have to pay a fine of \$1,000 to the county of Habersham for running freight trains on Sunday.

Mr. Neale was indicted by the grand jury of Habersham county some time ago, charged with running freight trains on Sunday. He was tried in the superior court by Judge Kimsey and found guilty. A fine of \$1,000 was imposed.

The case was appealed to the supreme court of Georgia, and in a decision rendered Saturday the judgment of the lower court is affirmed, and the high official of the Southern will have to pay a fine.

The supreme court held that all it was necessary for the state to prove was that the railroad operated a freight train, and it was for the railroad to prove whether the train was one which came under the exceptions in the act which states that trains carrying perishable freight may be handled on Sunday.

It is the first time that the question has been decided by the supreme court, and hereafter when railroads operate trains on Sunday in Georgia they have to have their superintendents indicted and fined.

### OLD RESIDENT

#### DR. M. G. MILAM ANSWERS THE LAST CALL.

Had Lived Here Since the War—  
Leaves a Wife and Two  
Sons.

Dr. M. G. Milam, for many years a leading druggist of Paducah, died at his home, 1634 West Broadway, at 12:40 o'clock this morning from general debility and paralysis. Dr. Milam had not been in good health for a year or longer, but his last illness began with an attack of grip.

The deceased was born September 8, 1823, in South Carolina, and most of his 73 years had been spent in Paducah. He resided at Paris, Tenn., when the war broke out and enlisted in the Confederate army, being taken a prisoner and brought to Paducah, where he was paroled by Gen. Payne. He had lived here ever since.

He was married in 1870 to Miss Kate Starr, who survives him with two children, Messrs. Starr Milam and Clarence Milam, the former an I. C. conductor and the latter a bookkeeper for Loeb-Bloom & Co. He also leaves three brothers, T. R. Milam, Jacksonville, Fla.; J. B. Milam, Leesburg, Fla.; and L. L. Milam, Union City, Tenn.

Dr. Milam did well in the drug business, his place being last on South Third, where the Wahl laundry is now located and retired ten years ago. His residence until a few months ago was on South Fourth street, near the city hall. He then moved to West Broadway.

The deceased was a man of considerable means, and was a prominent member of Plain City lodge, Masons, and of the Methodist church.

Dr. Milam was a courtly gentleman of the southern type to those who knew him well. He was far above the average man in intelligence, and took a delight in keeping informed on the latest happenings of the world. He was an uncompromising Democrat and southern sympathizer, and was always proud of the record he made in the southern army.

During his latter years he was health officer of Paducah, serving several years. He was a man quiet and retiring in disposition, but those who knew him well respected him and liked him, and feel that his loss will be a blow to the community, as well as to his family, to which his devotion was constant.

The funeral will take place at 2:30 o'clock tomorrow afternoon from the residence, services by Rev. W. E. Cave in the absence of Rev. T. J. Newell. The burial will be at Oak Grove.

#### THE MARKET.

Two Butchers Will Have to Take Out Racks.

Messrs. Charles Smith and Kolb Brothers will now have to take out their new meat racks in the new market house as uniform racks have been agreed on by the butchers and board of works. These two butchers went to great expense to put in racks, but since the others agreed to the contract made yesterday to have them all alike, they will take out the new racks and put in the others.

Some of the butchers are again having great trouble with water in the market house, and there are now several inches back in Alderman Smith's stall, and planks have to be used to walk on. Whether the water runs in from the street, or seeps in is not known, but it is evident that it gets in.

## CAPT. GRAMMAR TELLS INTERESTING STORY

The following story told in the Chicago Record-Herald will be of interest in Paducah:

"Capt. G. J. Grammar, general traffic manager for the Lake Shore has the reputation of being one of the most resourceful traffic men in the east. During the meetings of the Central Freight Association the captain's competitors frequently believe that they have him driven into a corner, only to find the tables turned upon them.

"When they get out and think it over frequently the huge proportions of the bluff put by the Lake Shore man dawn upon them, but the psychological moment for calling it has passed. This resourcefulness has assisted the captain in winning many a hard-fought traffic battle, and frequently, if truth be told, when right and justice were on the other side.

"Years ago the traffic man was regarded as the best river captain on the Ohio. For years he sailed the famous Idlewild, which never lost her reputation of being the fastest boat on the Ohio. For years she was in reality the fastest boat, but in her later days she was outclassed. Everyone was morally certain of this fact, but owing to the resourcefulness of the captain it was never demonstrated. The Idlewild remained unbeaten, and when she was finally beached upon her last trip she had a clean record of victories lasting through a period of nearly fifteen years.

"The narrowest call that Grammar and the Idlewild had came only a year or two before he quit the river. A syndicate had constructed a new boat which was the finest of its kind. The open boat was made that the new craft would soon lose the pennant of the Idlewild, and Captain Grammar determined that this should never happen. Soon after the new boat made her appearance there were several short and sharp contests between her and the Idlewild. The new boat, however, hadn't got her boilers to working properly, and Captain Grammar was enabled to do a little better than hold his own.

"One day the Idlewild pulled away from her dock with an unusually heavy load. The captain of the new boat was aware of this fact and had purposely loaded light, and waited for the Idlewild to get under way. Before Capt. Grammar's boat had reached mid-stream the new boat was after her, and the race was on. Captain Grammar saw at a glance he was up against it, but determined never to be beaten. Tying down the safety valve and piling some of the cargo and furniture into the fire box he did his best.

"The new boat, however, began creeping up on him, and he saw he would soon be overhauled. Already the captain and crew of the rival boat were shouting and waving their hats and making sport of Captain Grammar. The latter gazed about on the verge of despair, when he

discovered an almost abandoned landing on the north side of the river just ahead.

"Run up the landing flag," he shouted to the mate.

"Then to the wheelsman, 'Make that landing, you lubber. I'll discharge you if you don't attend to your business better.'

"Both mate and wheelsman protested that the Idlewild had nothing for that landing, whereat the captain went into a paroxysm of rage.

"You are the biggest lot of chumps on the Ohio river," he shouted. "We have twenty casks of fresh pork for this blooming town, and they've got to be put off."

"What town is it, captain?" asked the mate. "I don't see any town there."

"What do I care what the name of the town may be. All I know is that we've got twenty casks of pork that go off there. We can get the name of the town afterward."

"While the pork was being discharged the rival boat passed the Idlewild, but her whistle was silent and the shouts of her crew were stifled. It was the unwritten law of the river that it was 'no race' when one contestant was compelled to stop and discharge cargo. As his rival drew away Capt. Grammar sighed with relief and vowed a vow. As the result of the vow he never permitted the Idlewild to leave her dock again except with a light load and after his deadly rival.

"What are you going to do with that pork?" asked the mate as the Idlewild steamed on up the river.

"I'll pay for it and let it rot," was the reply. And that was just what he did, and also what the pork did."

A catalogue of autograph letters published by a London dealer has surprised a good many people by showing the fact that Charles Dickens' full name was Charles John Huffam Dickens.

## THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food crank is in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmon on this subject says: Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets, because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That the large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure its proper digestion, by the daily use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids, and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food, and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full treatment.

## BOARD MET.

Y. M. C. A. Directors Held Meeting Last Night.

The board of directors of the Y. M. C. A. held their monthly session last evening and various plans for the upbuilding of the association were outlined. General Secretary Blake Godfrey was authorized to represent the local Y. M. C. A. at the coming state convention at Owensboro this month. There will doubtless others go as well. Miss Ora Leigh will go from the woman's committee.

It was decided last evening by the directors that after the basketball game already arranged for next Friday by the high school girls, the gymnasium would be closed to ladies and girls.

The membership campaign was discussed vigorously and will soon be started on.

The work of putting the building in good order is progressing nicely. The upstairs rooms are being entirely refurnished, and the bath rooms will be ready for use by the last of the week, it is thought.

## ANOTHER EFFORT TO SELL SCHOOL

Committee Appointed by the Board of Education.

One Teacher Resigns and Miss Grigsby Gets an Indefinite Leave of Absence.

## THE SCHOOL BOARD MEETING.

The school board met last night in regular session with Trustees Williamson, Petter, Davis, Farley, Morrison, Pitcher, Sutherland, Troutman and Walston present.

Supt. Leib read his monthly report. He cited the overflow in the High school building; that he had transferred one teacher from the Longfellow building to the Washington in the grammar department to remedy it; that Miss Grigsby, music teacher, wanted a leave of absence; that Mrs. Minnie Herndon would present her resignation as assistant principal and teacher at the Washington building; that the attendance had fallen off during the bad weather and recommended certificates held by teachers be made to expire by limitation because examinations held now are more rigid than years ago. The report was received and filed.

The treasurer's report for January was received and filed. It showed a balance on Jan. 1st, of \$12,930.87, collections with balance \$19,117.33. The expenditures left a balance of \$17,492.40. The monthly pay roll of \$3,911.33 and miscellaneous accounts amounting to \$700, were allowed.

The secretary was ordered to compel Mike Isaman to pay for eight loads of cinders he was alleged to have taken away from the Longfellow building without authority and for which he has refused to pay.

The resignation of Mrs. Minnie Herndon, of the Washington building, was received and filed.

The motion of Trustee Morrison to abolish the office of assistant principal at the High school, which pays \$10 per month extra, was lost. Supt. Leib and the school committee was instructed to employ a successor to Mrs. Herndon.

The committee and superintendent were instructed to secure a teacher in music, Miss Grigsby having been granted a leave of absence indefinitely after March 1st.

A protest from Trustee Sutherland that some principals had been neglecting filing monthly reports promptly, was held up.

Trustee Sutherland wanted to have the board could approve, but the matter was not acted on. They are paid as soon as the school month is over and the board approves later, the latter being a formality.

The matter of negotiating with the city for back taxes was referred. It is thought by some that the schools are entitled to some per cent of the back taxes collected, but the court of appeals a few days ago decided otherwise.

Miss Emma Morgan, Longfellow building, was allowed two days' pay formerly deducted for illness.

Trustees Sutherland, Farley and Morrison were appointed a committee to attempt to sell the Longfellow property at Fifth and Kentucky avenue.

Resolutions of regret and high commendation from teachers of the High school building at the resignation of Mrs. Minnie Herndon, were read and ordered spread on the minutes.

The application of Miss Eva D. DeCamp, music teacher, of Wellsburg, W. Va., was placed in the hands of Supt. Leib and the school committee. On motion the board adjourned.

## DIED OF LOCKJAW.

Horrible Fate of a Young Man at Princeton, Ky.

News has reached the city of the death at Princeton, Ky., of Roy Crist, an eighteen-year-old boy who was a victim of lockjaw. He was hunting two weeks ago with Harvey Martin when a loaded shell in his pocket in some way exploded, the shot and powder tearing a hole in his hip. It was not thought at the time that he was fatally injured, but lockjaw developed and he died in horrible agony.

## GOOD NEWS.

Many Paducah Readers Have Heard It and Profited Thereby.

"Good news travels fast," and thousands of bad back sufferers in Paducah are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

B. C. Jones, of Newbern, Livingston county, Ky., writes: "I had backache for seven years and I sought for a long time something to check the excessive flow of the kidney secretions but found no relief. I was weak, had the headache all day and night for forty years. I could not sleep well and was about giving up all hope of ever being relieved for I had consulted doctors and tried everything I could get hold of. When I first saw your advertisement in one of the papers I concluded to try Doan's Kidney Pills, and I got a supply. I found to my joy that they gave me great relief. I was entirely freed from pain and also from the irregularities which had annoyed me so much. That was over five months ago, and I have not had a headache since, although I had suffered in this way since I was a small boy. I have recommended the pills to fifty different persons, some of them in Paducah, and a great many have reported to me the good results they have derived from using them."

**ROBERT BARR.**  
Author of "Jennie Baxter,  
Journalist," Etc.

But the other restrained his ardor, leaning heavily upon him.

"It is her father. Do not leave me; I faint. If I—I cannot direct you, take me down the lane, the highroad. My home—the house to the right."

The victim collapsed in a heap on the sword, reddening the grass with his blood.

Armstrong was no stranger to the rough art of the leech. He undid the doublet and flung it open; tore away the waistcoat and shirt, disclosing an aching gash.

"Well, pierced," he muttered. "An inch to the right would have done the job. The poor chap parried, but not enough; the onslaught was too fierce and sudden. The old man's intention was good, but the deflection marred the thrust."

He stanching the wound with the torn shirt and tied a sash tightly round the body. Taking a leathern flask from his pouch, he forced some fluid between the gray lips, and went forth with a long sigh, opened his eyes.

"It's nothing to boast of," said Armstrong carelessly. "I have ridden twenty miles worse mangled. Can you sit your horse if I put you on him?"

"O God! O God!" cried the youth, near to weeping. "Fool that I was to risk all for the chance of a word!"

"Tut, there's no risk. You'll be right as Edinburgh in three weeks."

"Three weeks! Oh, my God! Would he have killed me outright?"

"What is troubling you? Anything in which I can help? I see you are no coward, and it is not alone the wound that hurts. Is it this Oxford journey?"

The prone invalid made no reply, but, groaning, turned his face to the turf.

"Harken!" cried Armstrong earnestly. "Although our acquaintance is of the shortest, I would dearly love to do you a service. I will go to Oxford for you and do there whatever you wish done."

The speaker reddened as he said this, and his conscience reproved him for thus making use of the other's infirmity, although he maintained stoutly to himself that he was honest in his proclamation.

The stricken youth was no less troubled in mind than in body, feeling himself a treacherous wretch, accidentally well punished; but he, too, inwardly braced his weakening purpose by the thought that he acted for the good of his country, an action tending toward the speedy return of peace.

"Help me to my horse," he pleaded, ignoring the proffer just made to him. "I must get home and learn whether this hurt is serious or not."

"It is far from serious, I tell you, and it means only a month's idleness. Lean on me now. There; make no exertion. I will lift you to your saddle."

The powerful Scot raised him as if he were a child and, with a woman's tenderness, set him gently on his horse. He got into his own seat so promptly that his steading hand was on his comrade's shoulder before the swaying body could do more than threaten a fall.

"This way, you say?"

Wentworth nodded wearily, and the two set out slowly for the highroad. Despite their awkward going, the edifice they sought was soon in sight, situated in a park, to which a winding lane led from the main thoroughfare. The place seemed deserted, and as they neared it Wentworth showed a faint anxiety that he might reach his room unobserved.

"My sister must be told, of course, and a doctor brought, but I wish to avoid a rabble of gossiping servants if I can."

"I will carry you wherever you direct, and if we meet any one we must enjoin silence. Can you indicate the position of a private door through which we may enter?"

"The most private door is the most public door. The front entrance will likely be deserted. I would walk but that we must hurry or be seen. Take me up the stair and to the second room on your right. That is always ready for me."

The Scot took the youth again in his arms and speedily laid him on his own bed. The jolting, despite the care taken, had shifted the rude bandage, and the wound bled afresh. Armstrong, anxious for the safety of his burden, had not noticed that his own doublet was smeared with blood. With the better appliances now at hand, he did what was immediately necessary and revived the lad's ebbing strength with a second draft from the leathern bottle. A sound of singing came to them as he finished his ministrations.

"That is Frances, my sister," breathed Wentworth, with closed eyes. "Break it gently to her and say I am not dangerously hurt. She will know what to do."

## CHAPTER XV.

ARMSTRONG stepped out into the hall, closing the door softly behind him. The melody was coming from the broad stairway and ceased as the singer seemed to pause on the landing. He remembered that landing as he came up with his burden. He stood hesitat-

ing, undecided whether to advance as far as the head of the stair or await the coming of the girl where he was. Then he heard her voice evidently calling through the open window:

"John, there are two saddled horses under the trees. See who has come."

Armstrong strode forward to the stair head.

"Your pardon, madam!" he said. "One of the horses is mine; the other belongs to your brother. May I ask the man to look after them?"

"I TRUST YOU HAVE MET WITH NO HARSH TREATMENT."

The girl turned quickly, her dark eyes wide with alarm. Into the mind of the intruder, looking down upon her from his elevation, flashed the words of her brother: "It simply means you have not yet met the right woman. When you meet her, you will be in as great a daze as that in which I found you at the crossroads."

"She is magnificent," he said to himself. With her mass of black hair falling in wavy cascade over her shoulders, her midnight eyes appealing and dashed with a fear that swept the color from her cheeks, she looked a pallid goddess.

"My brother!" she cried at last. "What of him?" Then, noticing the blood on Armstrong's coat, she gave utterance to a startled exclamation, moving a step forward and checking herself. "Is he wounded? Has there been a battle? Where is he?"

"He is wounded, but not seriously. I brought him to his own room."

Without another word she sprang up the stair, past her interlocutor, and flew along the hall, disappearing into the invalid's chamber. Armstrong thought it best not to intrude at the moment of their meeting, so passed on down the stair and out to the horses, where he found an old servant standing guard over them. Armstrong dispatched him for the doctor.

Then he led his own horse to a stall in the stables, took off saddle and bridle, then went to the well and removed the stains from his clothing as well as water would do it. Going toward the house he met the girl.

"My brother says you tell him the wound is not dangerous. Is that true?" she asked.

"Quite true. I've had a dozen worse myself," he replied, with encouraging exaggeration. "But he will have to lie still for a month or more."

"He says that is impossible, but I told him he shall do as the doctor orders, duty or no duty. I am going to send for Dr. Marsden, so pray pardon me."

"I have already sent for Dr. Marsden. I took that liberty, for it is better in such a case to lose no time."

The girl turned and walked to the house with him. He found the patient restless and irritable. The waning whiteness of his face had given place to rising fever. His eyes were unnaturally bright, and they followed Armstrong with a haunted look in them.

When Dr. Marsden arrived he went about his work in businesslike fashion. A physician of that day had ample experience with either gunshot or sword wounds, each being plentiful enough to arouse little curiosity respecting their origin. He brusquely turned Armstrong and the sister out of the room after having requisitioned what materials he needed, and the two stood together in anxious and somewhat embarrassed silence on the landing, without call if either were needed. The girl was the first to speak.

"I fear my brother's case is more

dangerous than you would have me suppose," she said in tremulous voice. "Not from the wound," he answered. "From what, then?" she asked in surprise.

## Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK.

## TO BE CHANGED.

Postmaster General to Alter Money Order Form.

Washington, Feb. 7.—The form of the present money order is to be changed, the reason given being the desire to protect the government from the ingenuity of the professional forger.

The case of Elmer E. Smith, the St. Louis drug clerk, who was arrested at a flat occupied by himself and Pauline and Rita Ogden, is thought to have prompted the department to speedy action, though the officials had become convinced on account of many such cases on a smaller scale that the form must be changed.

Smith is charged with having forged orders to the total amount of \$5,500 and Jacob Queller, a saloon keeper at Channing avenue and Locust street, cashed most of them. Under the postal regulations the person who cashes a "raised" money order must be the loser, not the government, so that Queller will be out the cash he advanced to Smith.

Postmaster General Wynne has issued an order directing William E. Cochran, purchasing agent; E. F. Kimball, superintendent of the money order system, and W. J. Vickery, chief inspector, to devise a new money order blank to enable the department to guard against the alteration or raising of money orders.

Fraud is said to be more general now than at any time in the history of the postal service. The precautions taken by the government, however, are in the interest of the public, as Uncle Sam can not lose in a transaction of the kind in question.

## Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Linctum to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c, and \$1.00. DuBois, Kolb & Co., Paducah, Ky.

## SHILOH PARK.

A Long Pending Controversy Settled at Last.

Washington, Feb. 6.—Assistant Secretary of War Oliver has decided the long pending controversy between Iowa state authorities and the Shiloh National military park commission in regard to inscriptions proposed by the commission on regimental monuments of the 15th and 16th Ia. volunteers on the battlefield of Shiloh. State authorities wanted the inscriptions proposed by the park commission extended so as to show the hours during which the two Iowa regiments participated in the battle. Assistant Secretary Oliver has sustained the park commission against the proposed amendment.

In a letter to the governor of Iowa today, he says that the elimination in question is in the interest of historical accuracy and he adds that this particular case has convinced him of the wisdom of confining inscriptions placed in national military parks to central facts of events they commemorate.

## Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. W. D. Smith writes, April 3, 1902: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. DuBois, Kolb & Co., Paducah, Ky.

## Cement From Oyster Shells.

New Orleans, Feb. 7.—C. F. Ritter, of Covington, Ky., is to be one of the principal officers of the immense new cement mill which is to be built at Borgmouthe, about twenty miles below this city. The new mill will manufacture cement from oyster shells, which are to be supplied by the canning factories along the river. The capital stock of the company is to be more than \$500,000.

The Stearns Coal Company will open four or five new mines on the Big South Fork, where the coal shows a thickness of from four and a half to seven feet.

## Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I have been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Linctum cured me completely and permanently. Since then I have used the linctum on two separate occasions for ring worm and it cured completely. 25c, 50c, and \$1.00 bottle. DuBois, Kolb & Co., Paducah, Ky."

## POLAR BEAR FROZEN.

Captured in Arctic Circle, Shivers to Death in Icy Blasts of Lake Michigan.

Chicago, Feb. 7.—The polar bear which for twenty-four winters has capered and basked in the zero breezes in Lincoln park zoo, was frozen to death last night. He was captured in 80 degrees north latitude when young, and developed into the biggest white bear in the country. Three days of "15 below" was too much for him. Despite his heavy fur he shivered and shook. The animal keeper had decided to put steam heat in the bear den when the end came.

## Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

## What People Say of the Shoffner's Sure Cure.

PADUCAH, Ky., March 5, 1903.

To Whom It May Concern: This is to certify that I was a sufferer with indigestion for five years and could get no relief until I bought one bottle of Shoffner's Sure Cure, and it helped me so much that I took six bottles, and it has cured me sound and well, thanks to the Shoffner's Sure Cure.

Mrs. JOHN SMEDLEY, 806 S. Third St.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

Mrs. SUE GRAHAM, Moscow, Ky.

If after using one bottle according to directions you are not benefited, your money will be refunded.
